About *Technical Communication*

About this Companion Website

Student and General Resources developed by Christine Boese.

Dr. Christine Boese is an interactive media designer and theorist as well as a teacher and technical communications consultant. She is currently contributing to the Web site redesign of CNN's *Headline News*.

Instructor Resources developed by George Pullman.

George Pullman is an associate professor of English at Georgia State University in Atlanta where he teaches rhetoric and writing from first-year composition to graduate seminars in the history of rhetoric. He is currently editor of [JAC Online](#) and is interested in all aspects of electronic communication.

Content Development and Project Management by Michael Greer.

Michael Greer is a freelance development editor living in Colorado. Michael has taught writing, American literature, and critical theory at Illinois State University and at Georgia Tech. He also worked for several years as director of publications at the National Council of Teachers of English.
